TEL152

TEL152 Headphones

Description

The TEL152 are lightweight & dynamic delegate headphones, specially developed for modern conference applications.

> They deliver excellent intelligibility and speech reproduction.

Additionally, the TEL152 are designed for comfortable use thanks to the adjustable headband.

Features

- Adjustable headband
- Rotating ear cups with replaceable foam ear pads for comfort and convenience
- Hard ear shells available as an option
- Light pressure on ear, ensuring hours of comfortable wear
- Single steel core cable for minimal disturbance to the user

Connectivity & Accessories

- 1.5 m connection cable with 3.5 mm stereo jack connector

Specifications

Mechanical
