

# D-Cerno TC

## D-Cerno Transport Case

### Description

The D-Cerno TC is a high-quality transport and storage case for a complete D-Cerno system.

The case offers room for 12 D-Cerno delegate units and one central unit, including a power supply and cables.

The foam inlays have been laser cut, making a perfect fit for the equipment and offering maximum protection against dust and impacts.

The case has been designed for frequent use and safe transportation. It is built from durable, rugged materials and has a handle at the front. As a result, it is easy and comfortable to move around.

The D-Cerno transport case was made for D-Cerno C (71.98.0302) & D-Cerno D (71.98.0301) only. A DL & CL version is available upon special request.
