

# D-Cerno AE TC

## D-Cerno Transport Case

CONFERENCE

### Description

The **D-Cerno AE TC transport case** provides a high-quality, compact solution for storing and transporting a complete D-Cerno system—ideal for meetings on the go!

It accommodates up to **12 D-Cerno tabletop units**, **12 D-Mic microphones** (30, 40 or 50 cm), and **one D-Cerno AE central unit**, along with the necessary power supply and cables.

Designed with mobility and protection in mind, the case features precision **laser-cut foam inlays** for a snug fit, shielding the equipment from dust and impact. Built from **durable, rugged materials**, it also includes a front-mounted **handle** for comfortable and effortless transport between rooms or venues.

In short, the **D-Cerno AE TC** lets you pack an entire meeting setup into a **sleek, portable case**—ready to deploy anytime, anywhere.

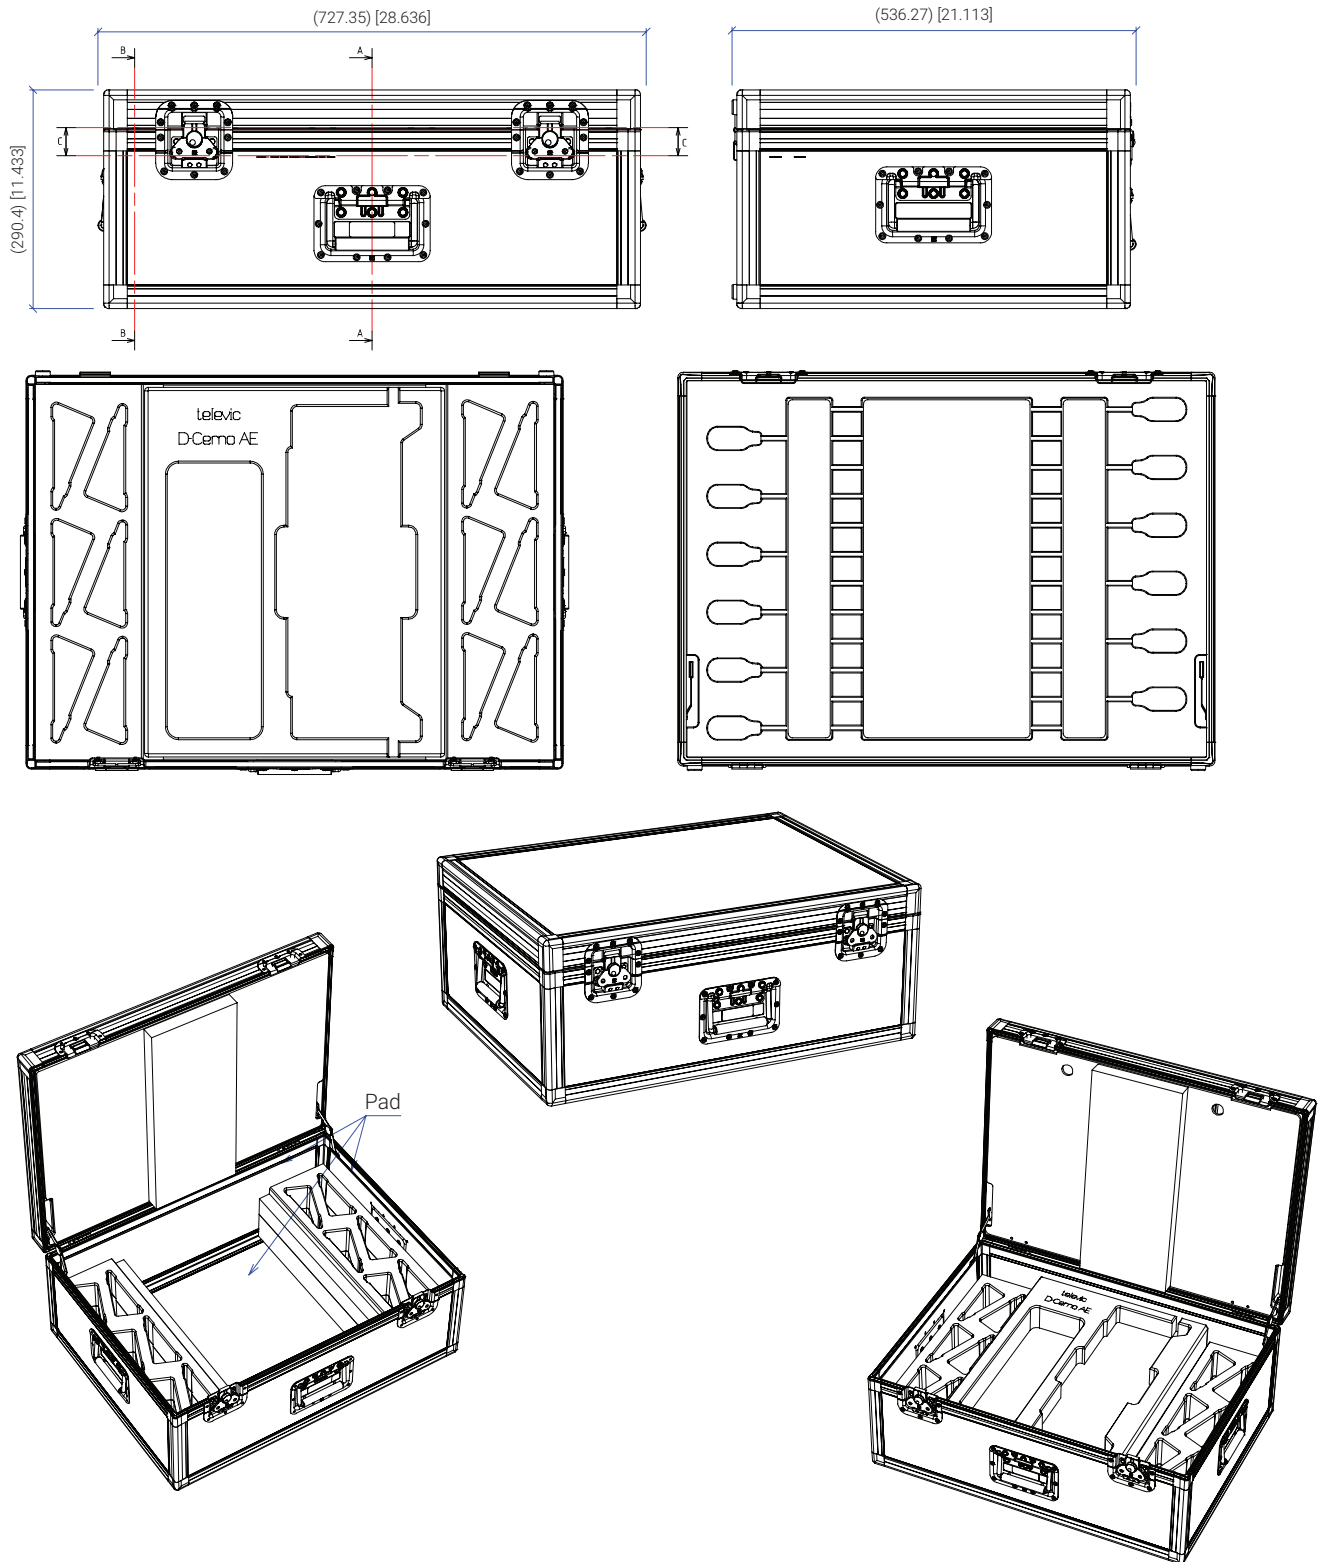

### Features

- » Room for 12 D-Cerno tabletop units, 12 microphones (30, 40 or 50 cm), a central unit, a power supply and cables
- » Pre-formed foam inlays
- » Rugged handles and lock
- » Separate tray to collect the microphones
