

Product Discontinuation Letter

2 November 2021

Dear valued partner,

This letter serves as a formal notification that Televic Conference is discontinuing the sales of the second generation T-CAM as of January 2022.

Televic Conference acknowledges the obligation to promptly inform our customers of the intent to exit products to enable our customers to prepare for alternatives and/or to assist in their product portfolio renewal process.

While we regret any inconvenience this announcement may cause, we are eager to supply your future product requirements with our new T-CAM products:

Reference	Description	Replacement Ref	Replacement Description
71.98.1303	T-CAM Package	71.98.1305	T-CAM Package CM70
71.98.1304	IP-CAM 50	71.98.1306	IP-CAM CM70

The T-CAM Camera has been replaced by the new generation: IP-CAM CM70. As a consequence, we also updated the T-CAM Package with the new cameras. The new products are perfectly compatible with the old generation as well as with the T-CAM Name Overlay (71.98.1302).

To serve you best, all inquiries and requests should be directed through the normal sales channels or you can contact the Televic Conference headquarters: conference@televic.com

Support including spare parts, technical support and repair: End 2022

Sincerely,

Karel Vanheule

Product Manager
