

Product Discontinuation Letter

15 April 2022

Dear valued partner,

This letter serves as a formal notification that Televic Conference is discontinuing the sales of the Confidea G3 wireless product range by **July 2022**. The component crisis has a continued impact on the global AV business, putting the Confidea G3 product range sooner than expected End-of-Life.

Televic Conference acknowledges the obligation to promptly inform our customers of the intent to exit products to enable our customers to prepare for alternatives and/or to assist in their product portfolio renewal process. In that respect, any existing G3 installation can be expanded with a G4 installation by adding a Plixus AE-R and a WAP G4.

While we regret any inconvenience this announcement may cause, we are eager to supply your future product requirements with our new Confidea G4 wireless product range:

Reference	Description
71.98.0005	Confidea DD G3
71.98.0015	Confidea CD G3
