IP-CAM Wall & Ceiling Mount

Description

The IP-CAM wall and ceiling mount is suitable for the IP-CAM CM70 camera. This extension not only ensures great and safe support of the PTZ camera, but also allows for all the cables to be hidden inside the mount. In case of mobile applications, it can can be mounted in a flight case or installed on a tripod. Accessories include a heavy-duty 30-mm steel ring specifically designed to mount the accessory on a truss clamp.

Features

The IP-CAM wall & ceiling mount has the following features:

- Camera support for one IP-CAM CM70 camera.
- Separate base and camera plate for hassle-free mounting and cable installation.
- Hands-free installation of the camera, only one screw needed to secure it.
- Integrated cable cover.
- Discrete and compact design.
- Seamless integration with the shaoe and color of IP-CAM CM70 cameras.
- Heavyduty 30 mm steel ring specifically designed to mount the accessory on a truss clamp.
